PAY FOR POWER

Utilities Board Will Issue Order Stopping Free Service to W. R. & E.

BENEFIT TO CONSUMERS

District Commissioners Expect Rate to Individual Patrons Will Be Cut.

Reduction at an early date of the price of electricity to private consumers may result from the investigation conducted by the Public Utilities Commission to ascertain the exact relations existing between the Washington Railway and Electric Company and the Potomac Electric Power Company. The hearings were concluded vesterds.

The District Commissioners are certain they have authority to regulate the re-lations of the two concerns. They have aid aside temporarily the thought of enand asset temporarily the thought of en-tirely divorcing the two corporations and are bending their energies toward put-ting the relations of the concerns on a

nendiscriminatory basis.

Thorough revision of rates will not be sible until the physical valuations of the properties are completed in Novem-ber. But the Commissioners believe they have a way of reducing rates before that

The hearings brought out that th power company has been furnishing the railway company with electricity free of harge, and in addition has furnished the railway with power, which the railway has sold to other railways, realizing therefrom a respectable angulal sum. officials of the companies atenthough shields of the arrangement by eclaring that the power was furnished free in return for certain financial serv-nces rendered by the railway company; such as the guaranteeing of the power to be cherrly inequitable

ounsel Conard H. Syme beli hese alleged inequities by issuing an order compelling the railway company directly for the power it reves. This payment, which would count to a considerable sum, would power company, rendering possible a of a minister in York, Pa. materially the receipts of the without affecting present profits. W. F. Ham, vice president of the rail-way company: Clarence P. King, preslent of the railway, and L. E. Sinclair. sperintendent of the electrical departent of the power company, wer at the hearing yesterday. Their testimony was largely a reitera-ion of the facts given on Wednesday.

PON the Declaration of Independence his name may be read without spectacles. His signature was the first subscribed to the world's most famous State document. In the most realistic sense John Hancock pledged his life and his fortune to the cause of the Revolution. He was one of the richest men in the colonies, holding investments in banks, breweries, stores, hotels, and also owning a fleet of vessels. The seizure of one of these precipitated the Boston massacre. In Revolutionary days and until his death he was a popular idol. When it was proposed to bombard Boston, though it would have resulted in greater personal loss to him than to any other property owner, he begged that no regard be paid to him because of his financial interests. While Hancock did not sign the Constitution of the United States, he used his great influence in its behalf, which awakened the gratitude of Washington. "He was prepossessing in manner, and passionately fond of the elegant pleasures of life, of dancing, music, concerts, routs, assemblies, card parties, rich wines, social dinners and festivities." Until the end of his life the people of Massachusetts delighted to honor him. In the stirring events preceding the Revolution he was one of the most active and influential members of the Sons of Liberty. To this tireless worker for American Independence Liberty was the very breath of life. He would have frowned upon any legislation which would restrict the natural rights of man, and would have voted NO to prohibition enactments. It was upon the tenets of our National Spoken Word that Anheuser-Busch 58 years ago founded their great institution. To-day throughout the length and breadth of the Free Republic their honest brews are famed for quality, purity, mildness and exquisite flavor. Their brand BUDWEISER has daily grown in popularity until 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles. ANHEUSER-BUSCH - ST.
